

6143

(Model MOH6143 AU)

Heat Output	▪	8.0kW av
Efficiency	▪	65% av
Coverage	▪	up to 100m ²
Emissions	▪	1.5 grams/kg

Morsø has worked hard to combine their long stove tradition with modern innovation and the 6143 design is a convincing example of this.

Complete in every sense, its form, construction and cast iron components blend naturally together, with the rich dark grey on the structure being a dramatic contrast to the flame.

Employing a refined and timeless design idiom, this perfect design with a large glass door, concealed hinges and simple lines makes the Morsø 6143 a compliment to any room.

Internally the stoves unique combustion system helps ensure a higher temperature in the combustion chamber, allowing it to burn off the flue gases, and providing you with a cleaner, environmentally friendly combustion along with a higher level of efficiency; ensuring superior fuel economy.

Danish design has been delighting the world for many years, and the architects and designers at Morso have made Danish design a real talking point. In 1915 Morso received the honour of being appointed to the Royal Danish Court. This prestigious appointment means that the products produced are held to the highest standards of quality.

Features

STANDARD FEATURES

- Tertiary air system that draws air up the back of the fire and then injects it to the upper chamber to burn off excess gases
- Cast-iron casting
- Chromium treated internal castings
- Convection system that ensures a steady and even flow of hot air throughout the room
- Superior air wash system keeps the glass clean for unparalleled fire viewing
- Contrasting stainless steel handle that remains cool to the touch when re-fuelling
- Rugged ash pan made of heavy gauge steel
- Vertical smoke exit through the top with the option to switch to a Horizontal smoke exit through the Rear
- Weight : 114kilos
- Maximum log width : 300mm
- Flue Spigot Size : Ø 150mm 6inch
- Internal Firebox : 315[w] x 205[d] x 240-300[h]
- Viewing Area : 274[w] x 301[h]
- Warranty : Limited 10 years manufactures

OPTIONAL ACCESSORIES

- Base Connection Outside Air Kit Adapter
- Morso Ash & Storage Bucket [62905700]
- Morso Ellipse Firetool Set [62917421]

Information supplied is to assist you in your choice of a suitable fire. It is not intended to be all the information required to install the fire and does not replace the installation manual which provides more detailed information.
